

Non-Sanctioned Tournament Teams Selection Process

Season 2010

BCB encourages “pick up” teams to participate in area tournaments. Check with your player agent or check the BCB website for a list of communities that host tournament play. An application to play is usually required by the host league or community.

These teams are not official BCB sponsored teams and can be organized by manager/coaches in the various divisions.

If you wish to organize a tournament team, please notify your player agent that you intend to do so and provide the player agent with a roster of players prior to the beginning of tournament play. BCB will secure, at no cost to your players, medical insurance coverage during tournament play for the team if we have your roster. Please note that the regular season medical insurance coverage does not cover tournament play at any time and this coverage ceases at end of the regular season.

In addition, BCB will reimburse the tournament team up to \$100 towards your first tournament entry fee. Please provide the league treasurer, Rick Schafer, with proof of payment to the host tournament.

Please remember that even though these teams are not sponsored by BCB, you still represent YOUR league wherever you participate
